BRLI-Côte d'Ivoire (BRLI-CI) was created in 2014 by BRLI France.

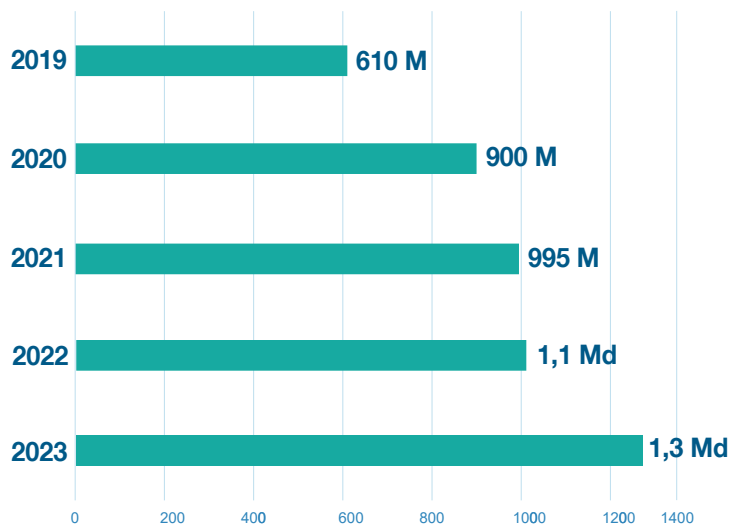

BRLI-CI is a subsidiary of BRLI, an international engineering firm specialising in the fields of water, environment, agriculture and regional planning. BRLI is headquartered in France and operates in more than 50 countries.

BRLI-CI is a major player in Ivorian engineering and has earned a reputation for excellence. With its national customers and international donors on contracts in Côte d'Ivoire and the sub-region (Niger, Burkina Faso, Togo, etc.).

BRLI-CI works alone or in partnership with BRLI, depending on its customers' needs.
